There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports facilities, computers, classrooms, etc. Response: It is evident from the following facts that there are established systems and procedures for maintaining and utilizing physical, academic and support facilities LABORATORY: Utilization: All the labs are used for the conduction of regular academic activities as per the timetable which is prepared before the commencement of every semester. Maintenance: Before the commencement of each semester, the lab in charge checks the stock of consumable resources and the working condition of

the lab equipment. After the approval from the concerned authority purchase of resources or repair work of the non-working equipment is undertaken. LIBRARY: Utilization: The library's book transactions are done in the register. The students aspiring to use the reading room must enter their details such as name, department, login and logout time in the register kept at the library entrance. Maintenance: Qualified library staff is employed for the maintenance of the library. The budget allocation is made at the beginning of every financial year for the maintenance of the library. Based on the requirement given by all the subject faculties, the chief librarian prepares the consolidated list of the books and Journals to be purchased and seeks approval from the principal and the library committee. Quotations are called from the various booksellers regarding the percentage of concessions that can be provided by them on the different categories of books. A comparative statement is made and the firm giving the highest concession may be asked to supply the books to the library. SPORTS FACILITY: Utilization: The sports facility is made available to all the students throughout the year. Any sports equipment required by the students is given to them after duly entering into the register maintained by Physical Education Department. Maintenance: Maintenance of the sports complex is supervised by PED. Any sports equipment/facility required for the students is proposed to the higher authority by PED. The procurement of all the equipment/facilities is carried out after approval from the higher authority. COMPUTERS: Utilization: For labs, computers are used as per the timetable prepared at the beginning of every semester. Maintenance: All the computers are covered under AMC. If any additional software or upgrading of the computers is required, the requirements are proposed to the higher authority. CLASSROOMS: Utilization: Classrooms are used for regular academic activities (teaching and examination) as per the timetable. Maintenance: The maintenance of classrooms such as cleaning is carried out regularly with the help of housekeeping staff. AUDITORIUM: Utilization: The auditorium is used for Cultural Programs, examinations, Assembly and to celebrate any national and international days. Maintenance: The maintenance is carried out regularly.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

FINISHING SCHOOL The Objective: – SGAD Government College Tarntaran is the only govt. co-educational institute in this border area, where education is imparted to the students without any discrimination because we ensure equality in education. Today, communication skill plays a major role to compete with the outer world. It has very important to have information about communication skills. Context: – the aim of finishing school is dedicated to meeting the complex need of individuals and organizations. It is an effective learning strategy that consists of more than a training event. Finishing School offers to enhance key soft abilities. Students are imparted focused education to broaden communication abilities, presentation, competencies and group discussion abilities which plays an important role in the job selection process in a standard manner. Practice: – Finishing school was established in the year 2015-16 with the aim of creating a nation with skilled youth where no graduate remains unemployed under the stewardship of Principal Nutan Sharma. enhancing the soft skills of the students is the need of the hour. It includes soft skills development, personal skill development, personality grooming, confidence building and etiquettes enhancement among our students. Problem Encountered and Resources Required- Poor financial status: – one of the problems faced by poor students is the lack of financial resources at their disposal. Students are unable to commute long distances from their homes to the college premises due to their poor economic conditions. The lack of proper

roads and public transport further deter students from attending college daily.

Communication Gap: - The rural sector mostly communicates with each other in the local language. The medium of instruction in most institutions in rural areas is the local language. Whereas in urban areas English is the most spoken language. This lack of knowledge of the English language prevents a large section of the rural youth from procuring jobs in cities. We must find solutions to bridge the gap between education in rural areas and education in urban areas.

Best Practice II Title of the Practice SERVING SOCIETY AND HELPING THE ADMINISTRATION

The Objective -To provide Assistance to the local Community and Administration in all possible manners in the hour of need. **The Context-** The idea behind this is that Institution does not work in isolation. After all, we draw all resources from society and therefore we must repay society and other stakeholders in an appropriate way.

The Practice- College Students regularly visit Krishi Vigyan Kendre A Center Government Institute where Research on New ways of Agriculture Techniques is researched.

- During Lok Sabha and Parliamentary elections, the college campus is given to the local Administration for conducting election work. Most of the teaching and non-teaching staff helps the administration in various activities such as election rehearsals, SVEEP program or Voters awareness program, etc.
- College Adopted Village Palasour near College NSS volunteers with their Teacher in charge regularly visited there for awareness among residents of the village for Cleanliness Plantation and other Social issues.
- Our students regularly take part on 15 Aug and 26 Jan. celebrations at District level
- College students participated in Youth Festival organized by Guru Nanak Dev University Amritsar.

Under the directions of our Energetic Principal Jyoti Bala awareness campaign on 'Say no to Plastic 'was organized with the help of the voice of Amritsar NGO. Every year college organize Cyber Awareness Seminars where cyber cell officials from Punjab police Tarntaran visited campus and they also give practical knowledge of how to save our equipment from phishing scams and hacking. College also has a red ribbon club where students are given the knowledge to prevent AIDS disease. Students also participated in quiz competitions organized by Concerned Department. Our college staff and students are also remaining at the forefront of curbing many social evils primarily the Drug De-addiction campaign has remained in the full swing during the last 2-3 sessions. Many Awareness programs in the form of public rallies, seminars, poster-making competitions, street plays, etc. have been carried out successfully.

- The college has earned a great reputation among the masses and local administration in this regard. .

Problem Encountered and Resources Required- The major problem being faced in this regard is that it is very difficult to take the masses along with you on such social service acts.

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

SGAD Government College Tarn-Taran provides equal opportunity to its non-teaching staff and student for self-development. For Non-teaching staff: - Administrative and accounts related workshops for non-teaching staff have been held for updating knowledge and skills. Non-teaching staff have been provided training in the application of latest media software and use of Equipment to produce high quality media resources. For Students: -Compulsory personality development course have been introduced for students of all disciplines to groom and make them industry-ready. Students are encouraged to identify, explore and develop their hidden talents and potential through a wide array of

societies, promoting extracurricular activities. Students are largely involved in the organization of annual cultural fest of the college. - To encourage faculty to pursue PHD and further research. - To publish quality research articles in UGC listed journals, books and magazines.
