Session (2019-20)

- Jal Shakti Abhiyan (April 2019):** It laid emphasis on the use, management and conservation of rain water and drinking water. Since earth's water levels are sinking, access to clean, fresh drinking water is denied to many areas. To ensure access to drinking water in every household, we must make use of water intelligently and reduce water wastage as much as possible. Jal Shakti Abhiyan was launched to ensure saving of water through rain water harvesting systems.

Session (2020-21)

4. National Road Safety month (28 January 2021) Knowledge of road rules and regulations and their strict observation can lead to smooth traffic flow and life safety. Since many people drive rashly, so many lives are lost every year in road accidents. Young learners were galvanized to observe traffic rules such as wearing of helmets, seat belts, maintaining speed limits and keeping safe distance between vehicles.

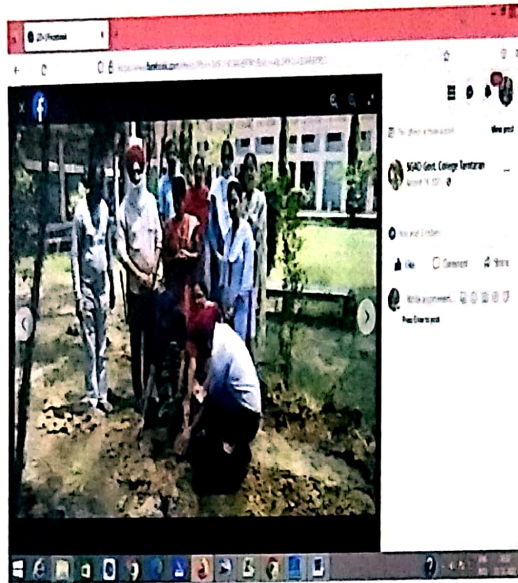

Resource Person : Inspector Harjinder Singh ,ASI Major Singh

Session (2021-22)

5. Tree plantation(4 october 2021): Another effort to protect college environment and promote greenery since trees are the greatest resource to stop environmental degradation. Students were encouraged to plant more and more tree in their homes and surrounding areas to curb the effect of global warming.
